

How to find you NDIS Plan in the My Place portal

Are you trying to find your NDIS plan in the
My Place Portal?

Improving our online services for NDIS participants

We are seeking the views of participants and nominees on their experiences using the myplace participant portal to inform future improvements to our online services. You can have your say by completing a short online survey or registering to participate in user testing activities. For more information visit the [Have Your Say page](#) on the NDIS website.

Using Provider Finder search

We are aware of an issue with provider search when a large number of results are returned. If you receive an error message, try narrowing your search. For example, choose a smaller search area. We are currently investigating the issue. If you require assistance with the provider search function, please call us on 1800 800 110.
